

Logistics & Industrial Buildings

*Feature of

**TRANSPORT
& LOGISTICS**

LET'S MOVE THE FUTURE FORWARD

NEW: feature on Transport & Logistics Ghent (2022) and Antwerp (2023)

Why?

Industrial and logistics real estate is on the rise. In 2021, the investment volume reached the second highest level ever in Belgium of 580 million euros.

So it is high time to give the community a commercial sounding board: "Logistics & Industrial Buildings".

At Transport & Logistics we already have exhibitors active in industrial & logistics real estate but because it is booming so hard, we made it as a feature on Transport & Logistics in a separate hall.

Logistics & Industrial Buildings

What?

Materials and constructions for new buildings and renovations of existing industrial and logistic constructions.

- A brand new feature on Transport & Logistics Ghent & Antwerp
- Serving a well identified and coherent niche on a national level
- Targeting project owners (corporate decision makers), together with their consultants, architects and contractors.
- An innovation-rich market and a transactional/networking mission
- The opportunity to meet your existing relations and promote your company to potential customers.

Why exhibit at Logistics & Industrial Buildings?

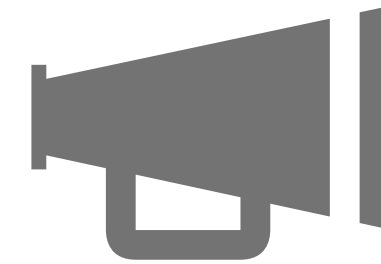

Qualitative visitors

The ideal opportunity to make new contacts or to strengthen the relationship with your existing customers

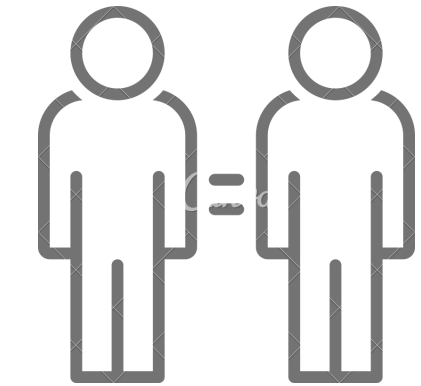

Many leads in 3 days

Collect quality leads quickly and efficiently thanks to our innovative smartbadge technology.

Increase brand awareness

See and be seen: showcase your business' complete range and stay top-of-mind.

3 shows at 1 place

The show is organised simultaneously with Transport & Logistics AND Empack. It is the meeting place for the entire supply chain: from packaging & filling to logistics, transport and logistics real estate.

Standformulas

- **All-in stand**
 - The All-in booth is a functional booth to present your material and conduct business professionally. Your first goal is to make contacts and collect leads.
- **All-in plus stand**
 - In addition to collecting leads and establishing new contacts, you want to receive your business contacts appropriately in a more spacious setting that exudes your corporate identity.
- **Space Only**
 - Bare floor space for your own stand construction.

“ Great show for networking and checking out the latest innovations. ”
Jessica Foo, Code Corp

Media and partners

- Collaborations with various national and international (trade) magazines guarantee **maximum exposure**.
- **Publications** in magazines of our sector federations complement this.
- Before and after the show, during the year Transport & Logistics also provides its community with **tailor-made news** from the sector.
- A strong **omnichannel** marketing campaign
 - Print
 - Online
